MIFF Corporate Hospitality Experiences

Melbourne International Film Festival is a not-for-profit organisation that has been continuously running since 1952, making it the leading film festival in Australia and one of the world's oldest film festivals, alongside Cannes and Berlin.

Our 2023 program featured films from 71 countries and 59 languages. We hosted 133 festival guests, 25 world premieres, 9 international premieres, 158 Australian premieres and 49 titles direct from Cannes.

Over our 18 day festival, Melbourne's iconic theatres from RMIT Capitol and the Forum to ACMI and the Astor are illuminated day and night with red carpets and the best films from Australia and around the world.
